

Ponderosa Pines will play an important role in the lives of teenagers this summer. We are a community that values people. A student discovers that their value is not based on performance, nor is it based on their appearance, talent or skills. Consequently, they experience the freedom and the joy of being accepted as a person created in the image of God.

This is a wholesome, positive environment in which the love of Jesus is demonstrated in the context of meaningful worship, challenging messages from God's Word, along with great fun and adventure. In this environment students not only hear and read about loving one another, they experience it.
